

# PVC FLOOR PROTECTOR TP SPORT

REF. PVC000012

## DESCRIPTION

Homogeneous, flexible polyvinyl chloride sheet (PVC -P), obtained by calender, with granulated non-slip top surface and the bottom is smooth for the protection of sports floors or for other different kind.

## TECHNICAL FEATURES

DESCRIPTION	UNITS	RESULT	TOLERANCE
Aspect		Uniform	
Wide Strips	m.	1,5	
Long strips	m.	20	
Thickness	mm.	1,2	+/- 0,05 mm
Weight	Kg/m <sup>2</sup>	2	+/- 0,100
Dimensional stability	%	< / - 0,80	
Abrasion resistance		group A	
Scratch resistance	gr	600	
Behaviour light		> 6	
Breaking strength	%	L≥250 - T≥250	
Tear resistance	N	L≥75 - T≥65	
Tensile strength	Mpa	L≥16,5 - T≥15,5	
Chemical resistance		Base and acids dilute, except PVC solvents	
Colour		Black	

\* The rolls are advisable to be stored in a dry place and protected from heat or cold.

\* They must stored horizontally and parallel to each other
