

PORTABLE FOOTBALL 7 GOAL TP SPORT

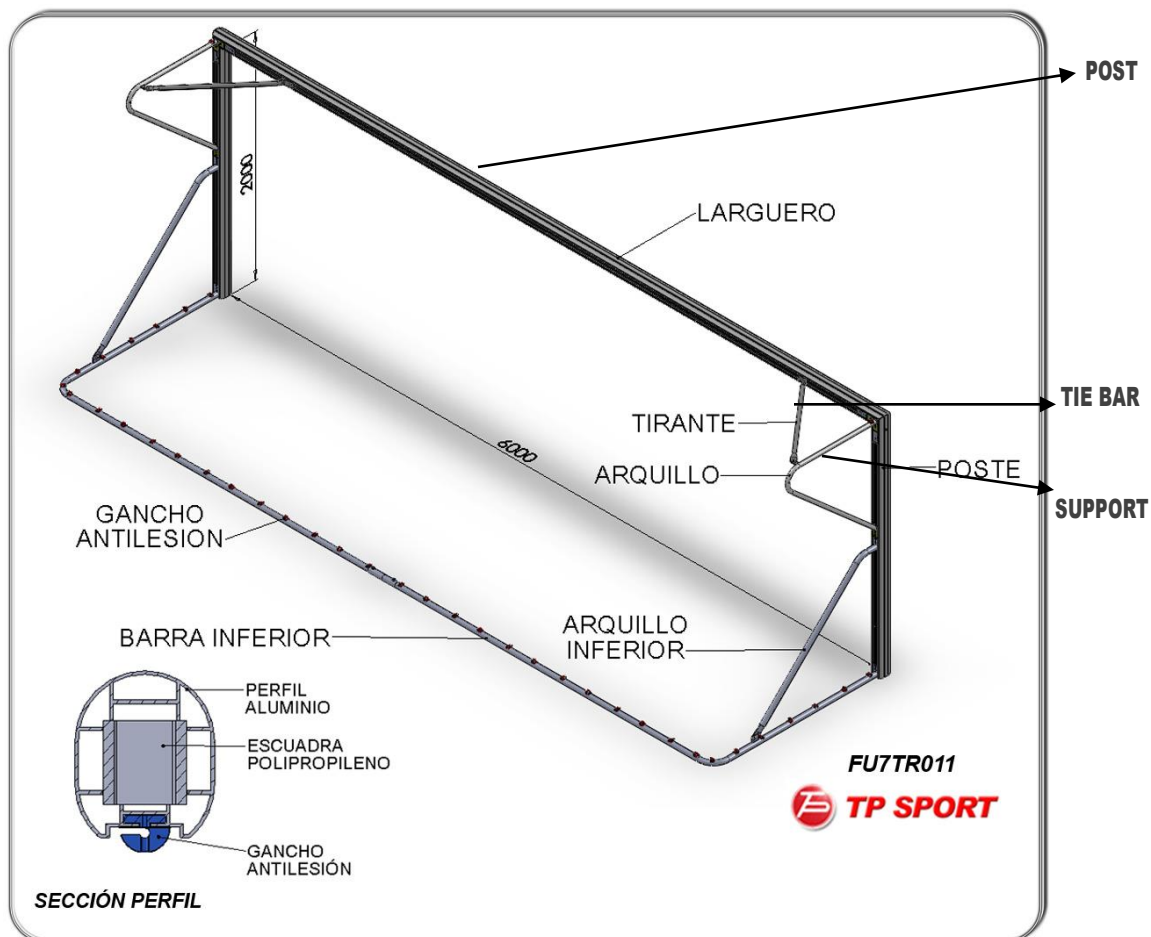

REF. FU7TRS010

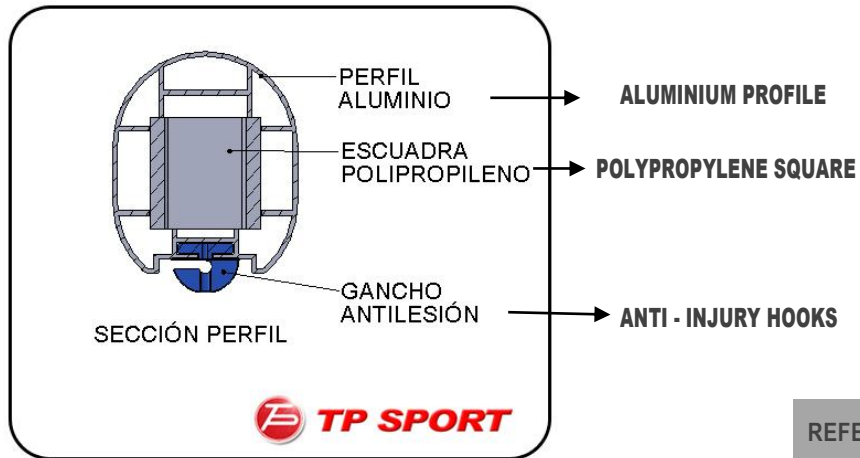

DESCRIPTION

TP soccer 7 portable goals with regulatory measures, 6 meters interior length per 2 meters of interior high. Manufactured as per latest European norm EN748:2004, made of extruded aluminium tube diameter 90x2mm as per norm EN AW, with interior reinforcement and with a rear slot where the hooks made of high-density polypropylene are placed and which serve to fix the net.

The goal consists of two posts and a crossbar fixed through metallic squares placed at the interior profile which provides a perfect fixing, and with the use of high resistance screws. Supplied with hooks made of high-density polypropylene, anti-injury and rounded. The hooks are placed so the net does not come out.
